JORDAN BUILD 2019

We are delighted to announce "Jordan Build 2019", the Jordan International Building, Construction and Engineering Industries Exhibition, 2019. It will be held on 29 July-1 August 2019.

Jordan Build 2019 achieved tremendous successes in the previous years. JoBuild 2019 is jointly organized by Global Exhibition organization.

One of objectives is to enable the expansion of the import/export base for construction companies of Jordan. The exhibition will be an ideal venue to achieve this and other objectives.

The event will also feature the **4rd JOENERGY**, which will boost the investment in this vital and growing sector in the Jordanian, Arab, and international markets. Many initiatives have been undertaken to support the presence of Jordanian companies in the Arab and international markets through the development of links and associations with Arab and international businessmen. Therefore, there are new opportunities for cooperation and trade exchange.

As one of the largest specialized exhibitions in Jordan, the event is an unmissable opportunity to reinforce the links between the experts and both national and international business leaders, in order to explore new advances in construction and engineering technologies.

JordanBuild has attracted about 12,000-15,000 visitors yearly since 2007
